It is clearly open season on
prominent Trump supporters,”
talk radio star Michael Savage
told Breitbart News one day after

Savage was reportedly
allegedly assaulted at a restaurant in Tiburon, California.

Savage, who has been credited with aiding President Donald Trump’s election, said that he was not
able to comment on the specific alleged incident. His attorney told the news media that Savage was
verbally taunted and then assaulted by a restaurant patron.

The Fascinating Reason 'The Rifleman' Really Went Off The Air

Trend Chaser

Speaking generally, Savage told Breitbart News on Thursday:

It is clearly open season on prominent Trump supporters. The fascist left has been empowered by their own false narrative that those who support borders, language and culture – my motto – are evil fascists! This is how Hitler came to power. He used his brown shirts to beat any opponents. The media and police are almost wholly driven by this lie.

The Daily Mail [reported](#) on the alleged incident, citing Savage’s attorney, Daniel Horowitz:

Michael Savage, the 74-year-old host of the nationally syndicated talk radio show Savage Nation, was dining solo at Servino Ristorante in Tiburon, with his toy poodle, Teddy, keeping him company, when another patron allegedly began taunting him by saying, ‘weener, weener.’

The heckler was apparently referring to Savage’s legal name, Michael Alan Weiner.

As Savage was heading out the door, the verbal abuse allegedly turned physical when the jeerer knocked the septuagenarian to the ground, according to the talk show host’s attorney, Daniel Horowitz.

rcury News further [reported](#):

A Tiburon police spokeswoman said officers arrived on the scene on Tiburon’s Main Street at about 8:25 p.m. Both men involved in the fight claimed the other started it, according to an incident log. Spokeswoman Laurie Nilsen said the two men placed each other under citizen’s arrest and were released at the scene. A follow-up police report will be sent to the District Attorney’s Office for review to see if any charges will be filed.

Horowitz suggested it’s unlikely his client was the aggressor, given that he’s 5 feet 6 inches tall and 75 years old.

According to Horowitz, the incident started after Savage had finished dinner and was leaving the restaurant. The lawyer said the alleged assailant, who stood at about six feet five inches, roached the talk radio host “yelling insults.”

rcury News continued:

After Savage told the man to “go away,” he started to turn. Horowitz said it appears that the man knocked Savage to the ground while also pushing his dog out of the way.

At that point, another customer from the restaurant intervened, and Savage’s alleged assailant punched him in the face, Horowitz said. Savage was somehow able to get back up and help the good Samaritan while also calling police.

He called me from the scene,” Horowitz told Mercury Nes. “Truthfully, I think he was more vicious than anything. He was saying he had just wanted to go out and have a nice dinner. He said, this guy can’t get away with that.”

The leftists are exceptionally brave in places that restrict the 2nd Amendment.

And when choosing their victims... in this case a 74 year old man who is totally unprepared to defend himself at the time of assault. I hope the assailant is publicly shamed and sees the inside of a jail cell for an extended period.

Why isn't his name made public, photos. 6'5" shoving a guy 5'6"? Let's get his identity out there. Isn't the police report public record?

This NEEDS to happen. The Left uses this all the time. Let's expose this guy and find out who he works for as well.

Leftists actually endorse a physical assault against an old man because they disagree with his opinion. It's no wonder the U.S.
